The Master Work of Master Designers

“Detroit Electrics”

The opinion of an automobile engineer, his decision on the make of an electric carriage must certainly be of considerable importance to a layman, when selecting the car for his own personal work or for his family's use.

There are about one dozen managers and officers of a number of automobile companies, who have selected the DETROIT ELECTRIC in preference to any other make of car on the market. The names of these parties are as follows:

- H. B. Joy, President Packard Motor Car Co.
- Henry Ford, President The Ford Motor Co.
- Hugh Chalmers, President The Chalmers Motor Car Co.
- B. F. Everitt, President The Metzger Motor Car Co.
- H. M. Snyder, Vice-President The Warren Detroit Motor Co.
- C. J. Moore, Mech. Supt. Packard Motor Car Co.
- C. H. Wills, Mech. Supt. The Ford Motor Car Co.
- James Couzens, Treasurer The Ford Motor Car Co.
- C. H. Black, Cadillac Motor Car Co.
- J. A. Forrester, The Welch Motor Car Co.
- B. C. McLaughlin, The Krit Motor Car Co.
- And a number of others.

These experts are not sharing their opinion by occasionally buying some other make of car so as to make it a divided matter. There has been no other make of electric car purchased by any automobile manufacturer since the DETROIT ELECTRIC has been on the market. It is fully a 100 per cent. verdict in favor of the DETROIT ELECTRIC without a dissenting vote. Any one of these people have friends among the other makers, and they know where they could buy them if they wanted to, but that is not the point they want the best, and the inevitable result is the DETROIT ELECTRIC.

We have opened a direct factory branch in Buffalo and not only give the people the best electric car built, but also give them that vital service and attention that is absolutely necessary in every instance. We will be here to take care of our people in the same manner as though the car was built in Buffalo.

Detroit Electric

C. W. TRAUTMAN, Manager

Buffalo Branch—1114-1116 Main Street

BONSTELLE STOCK COMPANY
IN "A WOMAN'S WAY"
NEXT WEEK.

Miss Bonstelle's popularity has grown steadily in Buffalo during the four summers she has played at the Star Theatre, and that her star is still in the ascendant is indicated by the heavy season sale of seats for her fifth annual engagement, which opens at this theatre next Monday evening, May 23d, when she will present the Grace George success, "A Woman's Way," Thompson Buchanan's sparkling little three-act comedy, which Miss Grace George used all this season and which was a tremendous hit when it was at the Star in the mid-winter.

Not content with engaging a company better than she has ever had, which is a broad statement in contemplation of the four splendid organizations she has brought here in previous years, Miss Bonstelle has also secured for stock the finest assortment of plays ever assembled for a summer company, and she has been singularly successful in her attempt.

She read hundreds of plays last winter, selecting the most pronounced of the season successes for presentation here, and she has been fortunate enough to get releases for these plays, so that Buffalo will have this summer, for 25 and 50 cents, plays that have been presented at \$1.50 and \$2 all season.

Julius McVicker will again be Miss Bonstelle's leading man, and several other former favorites will be found in the list of the summer company, while the cast has been further strengthened by the addition of players who have been associated with some of the big hits of the closing season.

The seat sale is now in progress for the opening week and the subscription books are open for those who wish to secure the same seats for the entire season, enjoying the Bonstelle Stock Company in each weekly change of bill.

Miss Bonstelle and her company are here for the entire season, a summer run that will be memorable in the history of stock in Buffalo.
